SUBJECT: Swedish Embassy Request in Wallenberg Case

Attached is a memorandum from EUR/NE, relaying a further request from the Swedish Embassy for help in identifying a person involved in this case. As you see, he has been identified under the name of Duges, probably a phonetic spelling. Another American possible involved, identified as Cecil August Stowner, was the subject of a memorandum we received earlier this year.

Any help you might be able to give in tracing a Cecil August Stowner, and Duges, would be greatly appreciated.

I am also requesting assistance from CIA and the FBI in this search.

MEMORANDUM

To: INR/DOC - Mr. Brown
From: EUR/NE - Richard S. Thompson
Subject: Raoul Wallenberg Case

DDO - Wolfe

The Swedish Embassy has approached us again with one of their periodic requests for assistance in connection with the disappearance of Swedish national Raoul Wallenberg.

In recent months the Swedish Government has been systematically tracking down and interviewing individuals who were held in a Soviet prison camp for foreigners--Camp No. 385 at Mordvinia. The population of this camp included Spaniards, Greeks, Iranians, Chinese, Koreans, Germans, Hungarians, etc. A Greek informant named Papadopoulos, who is now in Athens, was in this camp from 1962 to 1972 and sometime during this period met an American named Dedges (this spelling is probably phonetic). (Papadopoulos also knew the American named Cecil August Stומר who was the subject of a recent Swedish inquiry--see my memo to you of December 31, 1979.)

The Swedish Embassy would like to know if we have any information about such an American named Dedges which would assist in locating him so that the Swedes could question him as to any knowledge he may have of Raoul Wallenberg.

Any information your sources could provide which could be passed to the Swedish Government would be much appreciated.
